

THE BTBY YOUTH EXPERIENCE

**YOUTH CONFERENCES & WORKSHOPS
ASKING THE QUESTION:
WHAT IF?**

www.ComeChangeYourLife.Com

WHAT IF...

We could change the world by changing our future...our youth?

We could change the mindset of each youth in a positive way?

We could reach them before others get inside their heads?

We could reach them before peer pressure leads them down a path of destruction?

We could influence them before addiction and violence take charge of their lives?

We can help them see a better way even if they are already dealing with unbalanced circumstances?

We assist them in feeling safe in their own skin and environment?

**This is where
Becoming The Best You
conferences come into play!**

WHAT IS BTBY?

Becoming the Best You (BTBY) is dedicated to helping others become the best version of themselves. We host virtual and in-person conferences all over the country helping others to see the greatness they have within them.

What better way to expand the BTBY mission than to offer a Youth Experience?

BTBY has designed a youth program for schools that touches the hearts and minds of students to make them think about where they are in life. We give guidance and motivation to do and be better. We bring in speakers who have been where they are or work in the field of their challenges through assemblies, workshops, or from classroom-to-classroom sessions in middle schools and high schools.

FUN. FAST. EDUCATIONAL.

BTBY focuses on the topics youth are facing the most!

- Mental Health
- Drug Use
- Leadership
- Gangs
- Suicide
- Respect issues
- Attendance
- Cutting
- Mental Disorders
- Hate Speech
- Self Confidence
- Bullying
- Body Image
- Peer Pressure
- Self Actualizing
- Domestic Violence
- Sexual Assault
- Finances
- Issues at home
- Personal Development

WHO ARE THE SPEAKERS?

They work with youth as their full-time jobs in the area of racial justice.

Suicide prevention specialists with the armed forces for ROTC.

Work in the schools helping at-risk kids.

They made potentially life-ending mistakes at a young age, but now are community leaders

Felons once ostracized by society now embraced by their communities and have become Mayors in their towns

Former Gang Members who have become Game Changers!

Athletes in school who used drugs and alcohol throughout, yet changed their mindset and went on to be successful business owners.

**Our speakers have a
passion for reaching youth.
For showing them a better way.**
